INTRODUCTION	xi
CHAPTER 1: INTRODUCING J2EE	1
Need for Enterprise Programming	3
The J2EE Advantage	5
Platform Independence	5
Managed Objects	6
Reusability	6
Modularity	6
Enterprise Architecture Types	6
Architecture of J2EE	7
Introducing J2EE Components	8
J2EE APIs	8
Simplified Systems Integration	11
Introducing J2EE Containers	12
Containers and Services	12
Developing J2EE Applications	12
Application Component Development	13
Composing Application Components into Modules	14
Composing Modules into Applications	15
Application Deployment	16
Technologies used in Projects Development	16
Servlets	16
JSP	17
JSP Elements	18
Enterprise JavaBeans (EJB)	19
EJB Architecture	19
Types of EJB	21
EJB Container	21
Struts Framework	22
MVC Design Pattern	23
Struts Control Flow	24
PROJECT I: CHAT APPLICATION	
CHAPTER 1: CASE STUDY: CHAT APPLICATION	29
SDLC of the Project	32
Requirement Analysis	32
Software Design	32
Development	33

iv J2EE 1.4 PROJECTS

Testing.....	34
Implementation and Maintenance.....	34
CHAPTER 2: CREATING HOME PAGE.....	35
Creating MainChatServlet Servlet.....	38
MainChatServlet.java.....	38
Mapping of Servlet in web.xml.....	42
Designing Home Page.....	43
Running the Application.....	45
CHAPTER 3: LOGIN MODULE.....	49
Creating Login User Interfaces.....	51
Creating login.jsp.....	51
Creating loginhandler.jsp.....	54
Creating loginfail.jsp.....	58
Creating logout.jsp.....	60
CHAPTER 4: ADMIN MODULE.....	61
Adding New Users.....	63
Creating adduser.jsp.....	64
Creating adduserhandler.jsp.....	66
Viewing Users.....	67
Deleting Users.....	69
Configuring ChatRooms.....	70
CHAPTER 5: USER MODULE.....	77
Selecting Chat Room.....	79
Implementing Chatting Process.....	84
doGet() Method.....	85
doPost() Method.....	86
getProfileName() Method.....	87
getRoom() Method.....	88
messageFrame() Method.....	89
writeMessage() Method.....	89
Creating ChatRoomEntry Class.....	90
PROJECT II: HUMAN RESOURCE MANAGEMENT SYSTEM	
CHAPTER 1: CASE STUDY: HUMAN RESOURCE MANAGEMENT SYSTEM.....	95
SDLC of the Project.....	98
Requirement Analysis.....	98
Software Design.....	99
Database Design.....	100
Development.....	104
Testing.....	104
Implementation and Maintenance.....	104
MVC Architecture.....	104

CHAPTER 2: DEVELOPING A LOGIN MODULE	107
Designing Login User Interface	109
hrms_user_login Servlet.....	111
UserLoginDBObj Class.....	114
UserLoginDBMethods Class	115
Creating hrms_default.jsp	117
Directory Structure of the Project.....	120
Login and Getting to Home Page	122
Changing Password	123
CHAPTER 3: DEVELOPING PROFILE MANAGEMENT MODULE	127
Implementing Logic with Servlet.....	129
Creating hrms_employee Servlet.....	129
Creating EmployeeObj class.....	133
Creating EmployeeDBMethods class	134
Creating Views	138
employee_insert.jsp.....	138
employee_search.jsp	141
employee_edit.jsp	143
CHAPTER 4: DEVELOPING RECRUITMENT MODULE	149
Registering a New Applicant.....	151
hrms_applicant Servlet	152
Creating ApplicantDBObj Class	156
Creating ApplicantDBMethods Class	157
Creating Interface for Applicant Registration	164
Conducting Rounds of Test	177
Creating applicant_test_dtl Servlet.....	177
Designing JSP Views.....	183
Working of Module	198
CHAPTER 5: DEVELOPING TIME MANAGEMENT MODULE	201
Creating time_management Servlet.....	203
Creating com.TimeManagement Package.....	208
Creating JSP Views.....	214
employee_daily_attendance.jsp.....	215
employee_daily_attendance_summary.jsp	218
CHAPTER 6: DEVELOPING LEAVE MANAGEMENT MODULE	221
Creating leave_management Servlet.....	223
LeaveRequest Class	227
LeaveMgmtBeanMethods Class	228
Designing JSP Views	234
leave_request.jsp.....	234
leave_request_edit.jsp	238
leave_request_list.jsp.....	242

CHAPTER 7: DEVELOPING PAYROLL MODULE	245
Updating Employee Agreement	247
Creating hrms_payroll Servlet	248
Class EmpSal	256
Class EmployeeAgreement	257
Class PayrollBeanMethods	257
Designing JSP Views	265
employee_agreement.jsp	265
employee_agreement_edit.jsp	271
salary_search.jsp	273
salary_slip.jsp	275
 PROJECT III: ONLINE SHOPPING SITE	
CHAPTER 1: CASE STUDY: MYSHOPPINGSITE	283
SDLC of the Project	286
Requirement Analysis	286
Client-Side Requirements	286
Customer-Side Requirements	286
Software Design	287
Database Design	289
Development	290
Testing	290
Implementation and Maintenance	291
CHAPTER 2: CREATING HOME PAGE	293
The Directory Structure	295
web.xml	296
Struts-config.xml	298
Creation of Home Page	300
CHAPTER 3: CREATING LOGIN INTERFACE	307
Creation of LoginForm Class	309
reset() Method	311
validate() Method	311
Creation of LoginAction Class	311
getUser() Method	311
execute() Method	312
Creation of login.jsp	315
MessageResources and ApplicationResources.properties	317
Updating struts-config.xml	317
Creation of CategoryListAction Class	320
Creation of categoryList.jsp	322
Working of Module	324

CHAPTER 4: MANIPULATING CATEGORY	327
Adding Category.....	329
Creating addCategory.jsp	329
Creating CategoryForm.....	331
Creating AddCategoryAction	332
insertCategory() Method	332
Execute() Method.....	333
Adding New Action and Form Bean Mapping.....	335
Updating Category.....	335
GetCategoryAction Class.....	336
editCategory.jsp.....	338
EditCategoryAction Class.....	340
Deleting Category.....	342
DeleteCategoryAction Class	343
CHAPTER 5: HANDLING OF PRODUCT DETAILS.....	347
Showing Product List	349
ProductListAction Class	350
productList.jsp.....	354
Adding Product	356
Creating addProduct.jsp	357
Creating ProductForm.....	360
Creating AddProductAction Class.....	362
Editing Product	364
GetProductAction Class.....	365
editProduct.jsp	368
EditProductAction Class	370
Deleting Product.....	372
DeleteProductAction Class	373
CHAPTER 6: SEARCHING AND SHOPPING-CART HANDLING	377
Searching Product.....	379
Search by Category.....	380
Search by Keyword.....	383
SearchForm Class	385
ProductSearchByKeywordAction Class.....	385
olns_product_search_result.jsp.....	388
Shopping Using Shopping-Cart	391
olns_product_dtl.jsp	392
AddItem2CartAction Class.....	394
olns_shopping_cart_dtl.jsp	399
ShoppingItemForm Class	402
olns_order_delivery_dtl.jsp.....	404
OrderForm Class	407

InsertOrderAction Class	409
olns_prod_order_dtl.jsp	414

PROJECT IV: BANKING INFORMATION SYSTEM

CHAPTER 1: CASE STUDY: BANKING INFORMATION SYSTEM 421

SDLC of the Project	424
Requirement Analysis	424
Software Design	424
Development.....	427
Testing.....	428
Implementation and Maintenance.....	428

CHAPTER 2: EJB MODULES 429

EJB—A Brief Discussion	431
Components in EJB Module.....	431
Login—Our First EJB Module	432
Creating Remote Interface	432
Creating Home Interface	433
Creating Bean Class.....	433
Compiling Your Code.....	435
Generating Configuration Files	435
Creation of Connection Pool and Data Source	438
Creating jar File and Deployment.....	439
Savings EJB Module	439
SavingsRemote	439
SavingsHome	440
SavingsBean	441
PKGeneratorFactory	444
DBConnectionFactory	446
ViewSavBean	447
Configuring Bean.....	448
Current EJB Module	452
CurrentRemote	452
CurrentHome	453
CurrentBean	454
ViewCurBean	458
Configuring Bean.....	459
Recurring EJB Module.....	462
RecurringRemote.....	463
RecurringHome.....	464
RecurringBean.....	464
ViewRerBean.....	469
Configuring Bean.....	470
Trans EJB Module	474
TransRemote Interface	474

TransHome Interface	474
TransBean	475
ViewTransBean	476
Configuring Bean.....	477
CHAPTER 3: SESSION FACADE	483
Session Facade Module	486
SessionFacadeRemote	486
SessionFacadeHome.....	488
SessionFacadeBean	488
Configuring SessionFacadeBean	499
ejb-jar.xml	500
weblogic-ejb-jar.xml	501
Creating SessionFacadeDep.jar	502
CHAPTER 4: LOGIN PROCESS	503
Creating Pages for Login	505
login.html	505
login_process.jsp	507
manager.html	509
clerk.html	510
userlogin_failed.html	511
logout.jsp	513
CHAPTER 5: BANK MASTER MODULE.....	515
Managing Customer Account.....	517
bankmaster.html.....	517
Opening a New Account	519
openingaccount.html.....	519
openingaccount_process.jsp.....	521
opening_sav_account.jsp	523
opening_sav_process.jsp	525
Viewing Account.....	526
accview.html	526
viewaccount_process.jsp.....	528
view_sav_account.jsp.....	529
Modifying Account	533
accmodify.html	533
modifyaccount_process.jsp	535
modify_sav_account.jsp	536
modify_sav_process.jsp	540
Closing Account	542
accclose.html	542
accountclose_process.jsp	544

x J2EE 1.4 PROJECTS

CHAPTER 6: TRANSACTIONS AND REPORTS	547
Transactions	549
transactions.html	549
Withdrawing Process	551
withdraw.html	551
withdraw_process.jsp	553
Deposit Process	555
deposit.html	555
deposit_process.jsp.....	557
Transfer Process.....	559
transfer.html	560
transfer_process.jsp	562
Reports	564
reports.html	564
bdate_report.html.....	566
bdate_report_process.jsp	568
bperiod_report.html.....	571
bperiod_report_process.jsp.....	573
CHAPTER 7: DEPLOYMENT OF MODULES.....	577
Creating War and Ear File	579
Deploying EJB Modules	580
Deploying Application	583
Running the Application.....	585
PROJECT V: BUG TRACKING SYSTEM	
CHAPTER 1: CASE STUDY: BUG TRACKING SYSTEM	589
SDLC of the Project	592
Requirement Analysis.....	592
Software Design	593
Development.....	595
Testing.....	596
Implementation and Maintenance	597
CD CONTENTS.....	598
