<b>Introduction.....</b>	<b>xi</b>
<b>Chapter 1: Getting Started with VBA .....</b>	<b>1</b>
1.1 Difference between VB and VBA.....	2
1.2 Advantages of VBA.....	2
1.3 Introduction to Macros .....	3
1.4 Working with Macros .....	3
Recording a Macro.....	4
Running a Macro .....	11
Assigning a Macro to a Toolbar Button.....	15
Deleting a Macro.....	17
Limitations of Macros .....	18
1.5 Introducing Visual Basic Editor .....	18
1.6 Opening Visual Basic Editor.....	19
1.7 Exploring Designing and Debugging Tools.....	21
Project Explorer.....	22
Code Window .....	24
Properties Window.....	25
Object Browser .....	26
Toolbox.....	26
Immediate Window.....	27
Locals Window .....	27
Watch Window .....	28
1.8 Enhancing a Macro with VBA Code.....	29
1.9 Implementing Comments .....	31
1.10 Implementing Breakpoints .....	32

1.11 Using Help system .....	34
Summary .....	35
Review Exercises.....	35
Multiple Choice Questions.....	35
Short Answers.....	37
Programs.....	38
<b>Chapter 2: Fundamentals of VBA .....</b>	<b>45</b>
2.1 Data Types.....	45
2.2 Variables .....	47
2.3 Constants .....	49
2.4 Arrays .....	49
Fixed Arrays .....	50
Dynamic Arrays.....	52
2.5 Collections.....	54
2.6 Introducing Classes and Objects.....	56
2.7 Creating and Using Classes .....	57
2.8 Using the With...End With Statement .....	60
2.9 Event-Driven Programming .....	62
2.10 Handling Events.....	63
Summary.....	66
Review Exercises.....	67
Multiple Choice Questions.....	67
Short Answers.....	68
Programs.....	68
<b>Chapter 3: Conditional and Looping Statements in VBA.....</b>	<b>73</b>
3.1 Conditional Statements .....	73
If-Then .....	74
If-Then-Else.....	75

If-Then-ElseIf-Else Statement.....	77
Select-Case .....	78
3.2 Looping Statements .....	80
Using For-Next.....	81
Using For Each-Next .....	83
Using Do While-Loop .....	84
Using Do-Loop While .....	85
Using Do Until-Loop.....	87
Using Do-Loop Until.....	88
Using While-Wend .....	90
Nested Loops.....	91
Infinite Loop .....	92
Summary.....	92
Review Exercises.....	93
Multiple Choice Questions.....	93
Short Answers .....	94
Programs.....	97
<b>Chapter 4: Modules, Procedures, and Functions in VBA.....</b>	<b>103</b>
4.1 Exploring Modules.....	103
4.2 Exploring Procedures .....	104
Creating Sub Procedures .....	105
Creating Function Procedures .....	106
Creating Property Procedures .....	108
Scope of Procedures .....	111
Calling Procedures .....	111
Passing Parameters to Procedures .....	114
4.3 Exploring Built-In Functions in VBA .....	121
MsgBox.....	121
InputBox.....	124

Commonly Used Built-in Functions in VBA .....	125
Summary .....	127
Review Exercises.....	128
Multiple Choice Questions.....	128
Short Answers.....	129
Programs.....	131
<b>Chapter 5: Working with Objects and Collections.....</b>	<b>137</b>
5.1 Describing Objects in VBA.....	138
Properties.....	138
Methods .....	139
5.2 Working with Collections in VBA .....	139
Adding a New Object to a Collection .....	140
Finding Information about Objects .....	142
5.3 Working with the Word Object Model.....	146
Using the Documents Collection.....	148
Using the Selection Object.....	154
5.4 Working with the Excel Object Model .....	159
Using the Workbooks Collection.....	160
Using the Sheets Collection.....	165
Using the ActiveCell Object .....	167
5.5 Working with the PowerPoint Object Model.....	168
Using the Presentations Collection .....	169
Using the Slides Collection.....	173
Using the SlideShowSettings Object .....	175
Summary.....	175
Review Exercises.....	175
Multiple Choice Questions.....	176
Short Answers.....	177
Programs.....	177

<b>Chapter 6: Working with Dialog Boxes and Form Objects.....</b>	<b>181</b>
6.1 Using Labels.....	181
6.2 Using Text Boxes .....	184
6.3 Using the CommandButton Control .....	187
6.4 Using List Boxes .....	189
6.5 Using Combo Boxes .....	191
6.6 Using Checkboxes .....	193
6.7 Using Radio Buttons .....	195
6.8 Using Toggle Buttons .....	197
6.9 Using Frames .....	200
6.10 Using Advanced ActiveX Controls.....	203
6.11 Using Message Boxes.....	208
6.12 Taking Input Using Input Boxes .....	209
6.13 Using Common Dialog Controls.....	211
Summary.....	215
Review Exercises.....	215
Multiple Choice Questions.....	215
Short Answers .....	217
Programs.....	217
<b>Chapter 7: Working with Menus and Toolbars .....</b>	<b>221</b>
7.1 Using the CommandBar Object.....	221
7.2 Using the CommandBarControl Object .....	223
7.3 Creating Menus and Toolbars .....	225
7.4 Removing CommandBarControl objects .....	229
Summary.....	229
Review Exercises.....	229
Multiple Choice Questions.....	229
Short Answers .....	231
Programs.....	231

<b>Chapter 8: Handling Errors .....</b>	<b>241</b>
8.1 Types of Errors in VBA.....	241
Syntax Errors .....	242
Semantic Errors .....	243
Logical Errors .....	245
8.2 Using the On Error GoTo Statement .....	247
8.3 Using the Resume Statement .....	249
The Resume or Resume 0 Statement.....	249
The Resume Next Statement .....	251
The Resume Label Statement .....	253
8.4 Working with the Err Object.....	254
Summary.....	257
Review Exercises.....	257
Multiple Choice Questions.....	257
Short Answers .....	258
Programs.....	259
<b>Chapter 9: Managing Office Applications .....</b>	<b>263</b>
9.1 Creating Procedures for Office Applications .....	263
Creating a Procedure for Word 2007 .....	263
Creating a Procedure for Excel 2007 .....	266
Creating a Procedure for Outlook 2007 .....	267
9.2 Creating Templates .....	269
Creating a Word Template .....	269
Creating an Excel Template .....	270
Creating an Outlook Template .....	272
9.3 Creating Add-Ins.....	273
9.4 Accessing One Office Application from Another .....	277
Understanding Automation.....	278
Understanding DDE.....	280

---

Understanding SendKeys.....	281
9.5 Accessing a Database Using ActiveX Data Object.....	283
Summary.....	284
Review Exercises.....	285
Multiple Choice Questions.....	285
Short Answers.....	286
Programs.....	288
<b>Chapter 10: Implementing Security in VBA.....</b>	<b>291</b>
10.1 Threats from Macro Viruses.....	292
10.2 Setting Macro Security Levels in Office 2007.....	292
10.3 Adding Digital Signatures to Macros.....	295
10.4 Protecting VBA Code.....	298
Summary.....	299
Review Exercises.....	299
Multiple Choice Questions.....	299
Short Answers.....	301
Programs.....	302
