

Table of Contents

Preface	iv
Chapter 1: Java EE 5: An Overview	1
1.1 Evolution of Java	2
Starting with Java	4
1.2 Enterprise Architecture Types	6
Single-Tier Architecture	6
2-Tier Architecture	7
3-Tier Architecture	8
The n-Tier Architecture	9
1.3 Goals of Enterprise Applications	11
Features of Java EE 5	14
1.4 Exploring the Java EE 5 Platform	15
The Runtime Infrastructure	16
Java EE 5 APIs	16
1.5 Architecture of Java EE 5	20
1.6 Describing Java EE Containers	20
Container Types	21
Java EE 5 Container Architecture	22
1.7 Developing Java EE 5 Applications	23
Exploring Probable Java EE Application Architectures	24
Application Development and Deployment Roles	26
Exploring the Application Development Process	27
1.8 Compatible Products for the Java EE Platform	29
1.9 Java Database Connectivity	31
1.10 Servlets	31
1.11 JavaServer Pages	31
1.12 Java Server Faces	31
1.13 JavaMail	32
1.14 Enterprise JavaBeans	32
1.15 Hibernate	32
1.16 Seam	32
1.17 Java EE Connector Architecture	33
1.18 Web Services	33
1.19 Struts	33
1.20 Spring	33
1.21 JAAS	34
1.22 AJAX	34
Summary	34
Exercises	34
True or False	34

Multiple Choice Questions	35
Short Answers.....	37
Chapter 2: Getting Started with Web Applications in Java	39
2.1 Introduction to Web Applications	39
2.2 Benefits of Web Applications	43
2.3 Technologies used in Web Applications	43
Describing JDBC	44
Describing Java Servlets.....	45
Describing JSP.....	47
2.4 Introduction to Web Architecture Models.....	49
Describing the Model-1 Architecture.....	50
Describing the Model-2 Architecture.....	51
2.5 Introduction to the MVC Architecture	52
Describing the Model Component.....	53
Describing the View Component.....	53
Describing the Controller Component	54
Summary	54
Exercises	54
True or False	55
Multiple Choice Questions	55
Short Answers.....	56
Chapter 3: Getting Started with Java ME.....	59
3.1 Java Platform for Mobile Applications	59
Introducing J2ME.....	60
Introducing Java ME.....	65
3.2 Configurations	71
Exploring CDC	71
Exploring CLDC.....	72
3.3 Exploring Java SE Classes for CLDC.....	73
The java.lang Package.....	73
The java.util Package	79
The java.io Package.....	83
3.4 Introducing Profiles	88
The Foundation Profile.....	89
The Personal Basis Profile.....	89
The Personal Profile	89
The PDA Profile	89
MIDP	89
The RMI and Gaming Profiles	91
Summary	91
Exercises	91
True or False	92
Multiple Choice Questions	92
Short Answers.....	93

Chapter 4: Working with MIDlets and MIDlet Suite	97
4.1 Introducing MIDlets	97
Features of MIDlets	98
Lifecycle of MIDlets	98
Difference between MIDlets and Applets	99
Exploring the Java ME Wireless Toolkit	99
4.2 Developing MIDlet in J2ME	100
Creating the Directory Structure	101
Creating a MIDlet	101
Compiling the MIDlet	102
Preverifying the MIDlet	103
Packaging the MIDlet	103
Running the MIDlet	104
4.3 Developing and Running MIDlets using KToolbar	106
4.4 Developing MIDlets using Java ME SDK	109
Creating a MIDP Application	109
Adding MIDlets to an MIDP Application	112
Deploying the MIDP Application	114
Running the MIDP Application	115
4.5 Developing a MIDlet Suite	116
Advantages of a MIDlet Suite	117
MIDlet Suite Security	117
4.6 Using Obfuscator in MIDP Devices	118
Summary	118
Exercises	118
True or False	118
Multiple Choice Questions	119
Short Answers	120
Chapter 5: Working with MIDP User Interface and Event Handling	123
5.1 Exploring MIDP User Interface API	124
Describing MIDP High Level API	124
Working with MIDP High Level API	148
Exploring MIDP Low Level API	158
Working with MIDP Low Level API	166
5.2 Understanding Event Handling	169
Exploring High Level Event Handling	170
Exploring Low Level Event Handling	174
Summary	178
Exercises	178
True or False	178
Multiple Choice Questions	178
Short Answers	180
Debugging Exercises	182
Programs	191

Chapter 6: Working with Wireless Messaging API.....	207
6.1 Exploring Wireless Messaging API	208
The javax.microedition.io Package	209
The javax.wireless.messaging Package.....	211
6.2 Understanding WMA Connection	217
Opening a WMA Connection	217
Closing WMA Connection	219
6.3 Working with Text Messages	219
Creating Text Message.....	220
Sending Text Message	221
Receiving Text Message	221
6.4 Developing Text Messaging Application	222
6.5 Working with Binary Messages	241
Creating Binary Message.....	242
Sending Binary Message	242
Receiving Binary Message	243
6.6 Working with Multipart Messages	244
Opening the Multipart Message Connection	245
Creating a Multipart Message.....	245
Setting the Multipart Message Header.....	246
Creating and Adding the MessagePart	246
Sending a Multipart Message	248
Receiving a Multipart Message	248
6.7 Developing a Multimedia Messaging Application.....	248
6.8 Working with CBS Messages	269
6.9 Developing CBS Messaging Application	270
Summary	277
Exercises	278
True or False	278
Multiple Choice Questions	278
Short Answers.....	280
Debugging Exercises.....	281
Programs	286
Chapter 7: Working with Bluetooth and Mobile Media.....	305
7.1 Introducing Bluetooth Technology	306
History of Bluetooth Technology.....	306
Need of Bluetooth Technology	307
Functions of Bluetooth Enabled Devices	307
7.2 Exploring Bluetooth Architecture.....	308
The Radio Layer	308
The Baseband Layer	309
The Host Controller Interface	309
The Link Manager Protocol.....	309
The Logic Link Control and Adaption Protocol.....	309

The Radio Frequency Communication Protocol	310
The Service Discovery Protocol	310
The Telephony Control Protocol.....	310
Discovery of Devices.....	310
Communication to Devices.....	311
Connection Management.....	311
7.3 Describing Java API for Bluetooth Application	312
Exploring javax.bluetooth Package.....	312
Exploring the javax.obex Package	318
7.4 Developing Bluetooth MIDP Application	321
Creating the MyClient.java File	322
Creating the MyServer.java File.....	323
Creating BluetoothMIDlet.java File.....	325
Running the MyBluetoothDemo Application.....	327
7.5 Introducing Mobile Media API.....	328
Features of MMAPI.....	329
Architecture of MMAPI	329
7.6 Exploring the MMAPI Packages.....	330
Exploring the javax.microedition.media Package	330
Exploring the javax.microedition.media.control Package	332
Exploring the javax.microedition.media.protocol Package.....	333
7.7 Using MMAPI.....	334
Playing an Audio File	334
7.8 Developing Mobile Media Application	341
Creating the MediaMIDlet.java File.....	341
Creating the MyTone.java File	343
Creating the MyAudio.java File.....	344
Creating the MyVideo.java File.....	346
Running the MobileMediaDemo Application	347
Summary	349
Exercises.....	349
True or False.....	349
Multiple Choice Questions	349
Short Answers	351
Chapter 8: Working with Games and 3D Graphics.....	353
8.1 Exploring Game API.....	353
The GameCanvas Class.....	354
The Layer Class	356
The LayerManager Class	356
The TiledLayer Class	357
The Sprite Class.....	360
8.2 Developing the Mobile Gaming Application.....	363

8.3	Exploring Mobile 3D Graphics API	378
	The Graphics3D Class	379
	The Loader Class	380
	The Object3D Class	381
	The AnimationController Class	382
	The AnimationTrack Class	383
	The Appearance Class	384
	The Background Class	385
	The KeyframeSequence Class	386
	The Material Class	386
	The Node Class	387
	The Camera Class	388
	The Group Class	388
	The Light Class	388
	The Mesh Class	389
	The Sprite3D Class	390
	The Transform Class	390
8.4	Developing the Mobile 3D Graphics Application	391
	Summary	394
	Exercises	394
	True or False	395
	Multiple Choice Questions	395
	Short Answers	397
	Debugging Exercises	398
	Programs	400
	Appendix A: Using Java ME Record Management System	405
	Appendix A: Installing Java EE 5 SDK Update 3	413
	Appendix A: Exploring Java EE Applications	421
	Project: Online Shopping Site (Myshoppingsite)	503
	Index	615
	What's on the CD-ROM	628
